EL DORADO COUNTY'S ONLY DAILY NEWSPAPER

VOLUME XLVII

PLACERVILLE, EL DORADO COUNTY, CALIFORNIA, MONDAY, MAY 3, 1937

NUMBER 103

Miss Evelyn Berriman, daughter of Ranger and Mrs. R. C. M. Berriman of Georgetown, and a senior student at the county high school, chosen at the May Day picnic Saturday to represent El Dorado County in the contest at the Salinas rodeo to select California's Out-Door Girl for 1937. Following graduation, Miss Berriman plans to attend Junior College and then enter nurses' training. Photo by Land, transcribed for newspaper publication in our plant.

### Annual Picnic Attracts Large Attendance

Evelyn Berriman County's Out-door Girl; Cougars Beat Folsom; Track Meet Feature

Success marked the annual county May Day picnic and dance, held Saturday.

According to the committee in charge, the attendance at Marcus P. Bennett, Jr., Memorial Park was not quite as large as in some recent years. Children predominated.

The annual dance, in the I. O. O. F. hall in the evening, was a financial and social success.

### Cougars Play Elk Grove

Section Title At Stake In Game On Tuesday

Whether the El Dorado Cougars will go marching on to a Central California championship, or will tuck their uniforms away and put their spikes on the shelf until next season, will be decided Tuesday afternoon at Marcus P. Bennett, Jr., Memorial Park.

On that day and at the hour of 2:30 o'clock, the Cougars take the field against the Elk Grove high school nine, which has cleaned up all comers in the Sacramento County league of the CIF, even as the Cougars have won the championship in the Mother Lode.

Coach L. A. Brown pitched both Carsten and Schroth against Folsom in the Saturday May Day picnic game, and reported Monday morning that he probably won't decide upon his starting pitcher until game time.

Both Carsten and Schroth have worked well during the season and with everything to win in Tuesday's game, it is possible they may both get a chance at the Elk Grove outfit.

### Traffic Deaths On Increase

WASHINGTON (UP)—The Department of Commerce today reported sharp increase in automobile fatalities in the midst of one of the most intensive safety campaigns in years.

Reports from 126 cities in all parts of the country gave the total of automobile deaths for the first 16 weeks of this year at 3004, compared with 2307 for the corresponding period of last year. Of this total, 2293 were killed by accidents in urban areas.

Highest figure reported was 290 for New York, an increase of 60 over the same period last year. Chicago was second with 242 compared with 185 in 1936; Los Angeles third with 202, compared with 175 in 1936.

### SUNDAY YEAR'S HOTTEST DAY TO DATE

If Old Sol made you shed your coat on Sunday, it was because he was at his best for the year to date and drove the mercury to a maximum of 85 degrees in Placerville. It was the year's warmest day to date.

Saturday the maximum was 79 degrees and this also was the highest recording up to press time on Monday.

Until Sunday's 85, Saturday was the warmest day of the year.

### Trio Guilty In Kidnap Case

NEWARK, N. J. (UP)—Three men pleaded guilty today to charges of participation in the kidnaping of Paul H. Wendel, Trenton attorney, whose "confession" to the Lindbergh baby kidnaping delayed the execution of Bruno Richard Hauptmann for three days.

They were Martin Schlossman, Murray Bleefeld, and Harry Weiss, on trial with Ellis H. Parker, New Jersey country detective, and his son, Ellis, Jr.

Of outstanding interest in the picnic program was the selection of Miss Evelyn Berriman, daughter of Ranger and Mrs. R. C. M. Berriman of Georgetown, as El Dorado County's Out-Door Girl, and an entry at the Salinas rodeo for state-wide honors.

The Cougars licked Folsom high school, 12 to 0, in the picnic baseball game, and the grammar school track meet in which 15 schools were entered, was won by Placerville with 65 points.

Smith Flat was second with 57 points and other team scores were Diamond Springs, 28; Cedar Grove, 15; Greenwood, 14; Latrobe, 8; Camino, 7; Blairs, 5; Buckeye, 3; Oak Hill, 3; and Union 1.

In the horseshoe tossing contest, Harold Webster led the Class A division for the third year in succession. Emil Schneider of Pleasant Valley, was second, and William Cumming, Sr., was third.

Kenneth McCoy, principal at Shingle, won in the B division, with Alvin Williamson second and Hector Williamson third. Superintendent Fitzgerald was in charge.

The picnic program followed the usual outline with a May Pole dance and a May pageant by Placerville grammar school pupils as features of the morning program. The county band, led by Charles W. Ball, was heard in concert and was enthusiastically applauded.

General chairman for the May Pole dance was Miss Eleanor Scherrer. Miss

### National Debt 34 Billions

Treasury Borrows 50 Millions Weekly

WASHINGTON (UP)—The national debt soared steadily today toward the approximate limit of \$35,026,000,000 proposed by President Roosevelt. It stood at \$34,940,629,364 as the treasury completed the first ten months of the 1937 fiscal year.

Within a fortnight, the projected peak likely will be surpassed as the treasury continues to borrow funds at the rate of \$50,000,000 weekly to replenish its working balance.

The treasury's daily statement which showed the fiscal operations through April 30, issued today, revealed that with two months remaining of the fiscal year, expenditures aggregated \$6,246,183,898.45 compared with \$5,967,997,515.76 last year. The deficit totaled approximately \$484,000,000 under that for the same period last year because of an increase in revenue.

### Aimee's Hutton Wed At Yuma

YUMA, Ariz. (UP)—County officials admitted today—after stoutly denying it for an entire day—that rotund David L. Hutton, former husband of Evangelist Aimee Semple McPherson, and Eva A. Martin, 36, Pasadena piano teacher, were married here early Sunday. At the same time, the Rev. E. C. Acheson, reported in Los Angeles newspapers as the parson who married them, continued to deny he performed the ceremony.

Forest Supervisor Edwin F. Smith was in the Georgetown district on Monday.

### Class Perfect 43 Days

Pupils of Miss Louisiana Schell's seventh grade class at the Placerville grammar school on Monday, registered their 43rd consecutive day of school in perfect attendance.

The record applies in the case of tardiness as well as absences.

With five days in a school week, the 43-day record is the equivalent of two months and a half-week in perfect attendance.

### Safeway Names New Manager

Oak Park Man On Job Monday In Placerville

J. E. Green, formerly a department head in the Safeway store at Oak Park, on Monday took over the management of the Safeway store in Placerville, succeeding F. W. Stofer, resigned.

Mr. Green took over the reins of management Monday morning from F. L. Bay, district supervisor, who had been in charge of the store for several days.

The new manager has been with the Safeway organization in Northern California for ten years past and is highly commended by the supervisor. Prior to entering the employ of Safeway, Mr. Green was in the grocery business in his own store at Gridley for seven years.

Mrs. Green and their five children will remain at their Sacramento home until the close of school and expect to come to Placerville soon after June 1.

Mr. Green is a member of the American Legion having served in the 91st Division during the World War and during his first few hours on the job he spent some little time greeting El Dorado County men who were his wartime "buddies."

### House To Trim Work Relief

WASHINGTON (UP)—A House drive opened today, seeking to cut the President's \$1,500,000,000 work relief appropriation proposal by \$150,000,000 in order to help continue the Public Works Administration for two years.

The new fight over the PWA and Harry Hopkins' work relief program came as Secretary of Interior Harold Ickes went before a House appropriations sub-committee to urge extension of the Public Works Administration for two years.

Chairman Clifford Woodrum, D., Va., said that the extension measure would be acted on separately from the work relief bill, hearings on which are due to start Wednesday.

### HATFIELD WILL BE SPEAKER FOR LIONS

Lieutenant-Governor George J. Hatfield will be the guest of Placerville Lions and the speaker of the day at the club's regular luncheon meeting Tuesday noon.

This was the announcement Monday of Lion Secretary Arthur Mart, following confirmation of the engagement, made several weeks ago.

The visit will be the first official call of the Lieutenant-Governor on the community since his election.

### Dairymen Protest T. B. Testing

CROWS LANDING (UP)—Nearly 350 dairymen, some of them reportedly armed, assembled here today and announced their intention of forcibly resisting all attempts of federal tuberculosis inspectors to test their herds.

Sheriff Grat M. Hogn of Stanislaus County, sent a group of heavily armed deputies to escort the veterinarians who went into the fields to resume enforcement of the county's compulsory bovine testing ordinance.

Pounding out 19 hits to all corners of the Wheatland ball field, the Placerville Bartlets chalked up a 14-1 win over the Wheatland Merchants, in the valley town, Sunday.

While Placerville hitters were fattening their batting averages, Dave Roderick, on the mound for the Barts, kept up the pitching that has carried the locals to a tie for top position. Dave set the Wheatland nine down with five scattered hits, fanned 12 and hit

### 5 In County Lose Cards

Drunken Driving Is Responsible For Cancellations

Five El Dorado County motorists lost their operating licenses during the month of March and all were taken away because of drunken driving, according to a report from the State Division of Motor Vehicles.

These were a part of the 1,561 licenses cancelled in the state during the month of which 1,236 revocations were for drunken driving.

Applications for licenses for the month were given as 98,475, an increase of 2,718 over the same period in 1936. Licenses issued were 88,644, or 264 fewer than the 1936 total.

Applicants who failed to pass the tests were 4,990, Mason said, and 532 were definitely refused licenses.

During the month 59 persons were called in for re-examination, following reports that they were physically or mentally unfit to drive. Re-examination of those previously ordered in resulted in five having restrictions placed on their licenses; nine had their licenses revoked; one voluntarily surrendered his license; and eight were suspended for not obeying the re-examination order.

### License Revoked For 10 Days

Al Monterichards of Diamond Springs, lost his license to drive a car for a period of ten days Monday morning when he pleaded guilty before Police Judge Eugene Creed to a charge of driving with four in the front seat of his car.

The suspension was the alternative to a fine of \$5.

### Job Insurance Rule Is Delayed

### Strike Grips Bay Hotels

Hollywood Film Unions Also Halt Work

By UNITED PRESS

Labor controversy was concentrated on the west coast today, with chief interest centered on a strike in the \$255,000,000 motion picture industry.

High and low salaried movie actors and actresses, members of the Screen Actors Guild, threatened to call a strike of their own after meeting to confer on a strike called by 11 technicians unions. A strike of actors, however, would be postponed for at least a week, and the actors, meanwhile, were expected to walk through technicians' picket lines to go to work.

In San Francisco, guests in 16 hotels were served by managers as a result of a strike of 1200 bell boys, waiters, bus boys, kitchen help, maids and elevator operators. There was a possibility the strike, called Saturday night, would be settled by Wednesday.

### SHERIFF FIRST ACROSS ECHO SUMMIT

Sheriff George M. Smith spent Sunday in Lake Valley on county business and became, as far as can be learned, the first one to drive a car across the Echo summit this year, except possibly, members of the highway crew. The sheriff reports the snow practically all gone in Lake Valley and the grass well started.

He returned Sunday evening. Highway officials report the road will not be open to through traffic until next week-end.

### GRANDSTAND Gossip

By Bob Vivian

The Bartlets took their third straight win and this, aided by Folsom's defeat by Roseville, put the locals in a tie for top place along with Folsom, Auburn, Colfax and Roseville.

Wheatland does not belong in the Placer-Nevada League judging by the scores against them. They haven't hitters, fielders or pitching staff. In four games, 70 runs have been scored against the Merchants, while their 12 run total is not as much as the winning team has scored against them in any of the games.

"Swing High, Swing Low" seemed to be the theme song of the batters in Sunday's game. Twenty-one having swung high and low and went back to the bench via the strike out route—Roderick whiffed 12 and Osella nine.

The Barts did more hitting in Sunday's game than they have done all year, getting 19 hits. With better fielding this total could have been held down.

Mike Visintainer led the Barts in stealing bases. Mike stole 3, Clark 2, Neil, Warren, Scheiber and Reeder, each one, making nine for the game.

Placerville chalked up their first double play of the year in the sixth inning when Newman hit to Clark at short, the play going from Clark to Neil to Woerner.

Two good fielding plays were made by outfielders. Bosco's catch of Clark's drive in the fifth, and Warren's catch of Bosco's hit in the seventh. Bosco, after a long run, caught what looked like a three base hit for Clark, Warren came in fast to take Bosco's fly in back of short.

The biggest crowd of the game was parked outside the right field fence, along first base. Eighty per cent of the fans at the game were from El Dorado County.

In four games Roderick and Jackson have allowed but 19 hits. Roderick eight and Jackson 11. This is an average of less than five hits a game. Eight runs have been scored off the two chuckers, three of them being earned. With this kind of pitching the Barts should sweep everything before them.

After next Sunday's game there will be but three teams on top—Placerville, Folsom (?) and Roseville.

### "Mr. West" Takes Claim To Court

LOS ANGELES (UP)—Whether Mae West, of the films, ever was married to Frank Wallace, was a question revived today by a suit filed in Superior Court here.

Wallace, giving his address as New York City, petitioned the California courts to help establish the validity of the marriage he asserted he contracted with the glamorous Mae before the days of her screen triumphs.

## THE Book Mark

We have fallen from grace so we are in a mood to preach. Our text is addressed to the one per cent of our readers who, like ourselves, sometimes succumb to the lure of too many third rate books; from the 99 per cent who exercise judgment and discrimination in their choice of books we crave forgiveness.

Why oh why do we put all kinds of trash into our heads that we would never dream of putting into our stomachs? Imagine what a diet of chili con carne or of milk and water will do to our physical body. Many of the books and stories we read are about as wholesome and nourishing to the mind. If we can help it, we will not put cheap, sleazy clothes on our backs, but what goes into our poor heads does not seem to matter.

Most of us are intolerant or afraid of the word "classic." We are told that a book is a classic and we shout "Take it away," yet classic means "of the best." A classic is a book that has stood the test of time and is as true today as it was a thousand years ago. It deals with the common truths that are in the experience of the human race.

Take the quality of courage that implies the heroic state of mind, man battling bravely in the face of defeat. "The less the might, the greater the spirit." From Hector and Ajax in the "Iliad" this mood has persisted in literature as in life through the years. We find it in the modern story by Barry Benefield "Valiant is the Word for Carry." When a book presents a state of mind creatively and clearly, it becomes a part of our human heritage. There has been no great advance in humanity that has not drawn inspiration from the past. And because we have been reading too many snappy love stories, too many thrillers, too much Hollywood gossip, we are going to look up our copy of Lang, Leaf and Myers translation of the "Iliad" and read again a rattling good story not only about the Trojan war and the Olympian gods but about human nature as it was then and as it is today.

The world is coronation minded. If our friends are going to England and we have to stay at home, we might as well get a little background so as not to appear too dumb when they return to gloat over us. We can read about the Royal Family in three new books. "King George: The Well-Beloved" by Ernest Short is an account of the late king as he appeared to his subjects during the 26 years of his reign. Hector Bolitho's "King Edward VIII" should be authentic as the author knew the former king intimately, acting as his companion for years. Young people will like "Princess Elizabeth and her Dogs" by Michael Chance, which contains photographs of the royal family and their dogs.

Statesmen are the subjects of three new books—"Stanley Baldwin: Man or Miracle," by C. E. Roberts tells about the life and meteoric career of the Prime Minister, the eminent historian George M. Trevelyan has written a biography of the late war-statesman "Grey of Pallodon." "Arthur James Balfour" is the subject of Blanche Dugdale's exhaustive biography of the man who played an important part in English affairs for 50 years.

Our favorite recent book on England is Mary Chase's "This England." Miss Chase lived in England two years.

The Riverbank Canning Company, Sacramento, is contracting tomatoes at a minimum of \$14 and a maximum of \$17.75 per ton.

and gives a delightful picture of the English countryside and its people. That Frenchman with the nimble pen, Andre Maurois, has written "The Miracle of England," published this month. A book we are eager to see is "England in Picture, Song and Story," by John Cunliffe, an illustrated guide book to historical and literary England.

A vivid picture of Morocco is found in Wyndham Lewis' "Filibusters in Barbary." Morocco plays a part in the international rivalry of today. The Sultan is only a figurehead, as France has the chief interest, it being almost entirely French territory except for the international city of Tangier and a strip of land that belongs to Spain.

France values Morocco because if there is a war she can increase her depleted army with Moroccan man-power. Mussolini has had his eye on Morocco as a base for restoring Italian supremacy in the Mediterranean and for its undeveloped mineral resources. Germany also has been trying to gain a foothold in Morocco for the last few years. It will be interesting to watch the outcome of this rivalry.

To fiction readers who are also stamp collectors, may we recommend Robert Graves, "The Antigua Stamp," the story of a feud over a rare postage stamp of romantic history? To fiction readers who like a novel written by a master craftsman, we suggest Somerset

Maugham's "Theatre." Maugham creates consistently the most disagreeable women in modern fiction but, at the same time, it is interesting to read about them. For a familiar setting, you might read "Young Robert" by George Albee, a story with a San Francisco background. To our collection of thrillers with unusual titles, we add Clifford Knight's "The Affair of the Scarlet Crab," Kroll's "The Ghosts of Slave Driver's Bend," and Paul Haggard's "Dead is the Doornail." Specialists in the crime reader's field tell us that all three are good reading. Ben Ames Williams writes fiction that can be read by both men and women. His last book "Crucible," holds the reader's interest to the very end.

## Home Building Shows Gain

### FHA Terms Attract Increasingly Large Numbers

More homes will be built here this year under government inspection than in 1936, when a five-year building record was established, if the pace set in the first quarter is maintained, according to Clifford C. Anglim, district director of the Federal Housing Administration.

A statistical report just completed shows more mortgages on Northern California homes accepted for insurance in the past three months than

during the first six months of 1936, and more than in the entire year of 1935.

"The fact that a large percentage of these mortgages cover new construction is indicative that the home building program launched in 1935 is gaining momentum," declared Anglim. "It also attests public recognition of the fact that FHA mortgage financing means more than a mere long term loan which may be paid in monthly rent-like installments.

"Thrifty investors are demanding homes approved by the Federal Housing Administration, because they appreciate that it provides important safeguards for their investment. First is the matter of location, which must be in an acceptable neighborhood where land values are stable. Practicability of design and livability of the home is assured when plans and specifications are reviewed and approved by the FHA architectural staff. Frequent inspections by government experts assure that specifications are complied with and make for substantial, lasting construction. The fact that the mortgage is paid in convenient monthly installments reduces actual home ownership to the simplicity of paying rent."

### DECREE GIVEN

LONDON (UP)—The divorce court granted Mrs. Ernest Simpson a decree absolute today.

The decree which leaves Mrs. Simpson free to marry the man who gave up Britain's throne for her love, was sent to her by air mail. It will enable her to be married at any time and it was expected the wedding would take place at the Chateau De Cande at Monts, France, where she is staying, during the week of May 24.

As soon as the decree divorcing her from Ernest Simpson, her second husband, was granted, the news was telephoned to Mrs. Simpson. She joyfully telephoned the tidings to the Duke at St. Wolfgang, Austria, and he left by automobile to take the Paris Express at Salzburg.

## Connie Boswell Is Saved In Fire

LOS ANGELES (UP)—Charles (Buddy) Rogers, film actor and fiance of Mary Pickford, was hailed a hero today for his rescue of a helpless blues singer from a fire in a real fire thrill scene behind the curtain of Paramount Theater.

Rogers, making up in his dressing room for a personal stage appearance, heard screams. He found Connie Boswell, the radio singing blues singer, on a blazing couch in her dressing room.

Miss Boswell is an invalid and sings from a wheel chair. Rogers carried her to safety, then returned and stamped out the fire. Neither was burned and they went on the stage in the next act.

## 3 KILLED BY POLICEMAN, SUICIDE

SAN FRANCISCO (UP)—Police today reported that a fellow officer, brooding over his indictment on perjury charges, killed his wife and their two daughters with a rifle and then ended his own life by blowing the top of his head off with a dum-dum bullet.

The four, who died in their home were George Burkhead, 52, a patrolman; his wife, Mrs. Hannah Burkhead, 45, and their daughters, Marian Burkhead, 18, and Helen Burkhead, 20.

Burkhead had been indicted for perjury in connection with testimony he gave before a grand jury. His case was to have gone to the jury today.

## RECIPROCITY

**R**ECIPROCITY is one of the big words much favored by international diplomats.

It sounds a little more polite than the common expression, "you scratch my back and I'll scratch yours." But it comes right down to the same thing.

Nations get along by helping each other, just like states, cities, communities and families.

You help me and I'll help you. It's as simple as that.

Every purchase you make in Placerville from your home town merchant, helps him to help you; helps him to give you better service, better merchandise, and better prices.

It helps make employment for our home town folks, helps make prosperity for all of us.

Patronize Placerville merchants—it pays!

## Coronation Curiosities

### MISADVENTURES

Copyright, 1937, United Features Syndicate, Inc.

Dinners, parties, weddings and even funerals have their mishaps. Mr. and Mrs. John Q. Citizen have their aftermath of blues when they bemoan something that went wrong. What will disrupt the proceedings at the coronation of King George and Queen Bess remains to be seen. Generally speaking, however, whatever may happen there will be a precedent for it, for quarrels, misunderstandings and mis-

adventures have always been a part of coronation day ceremonies.

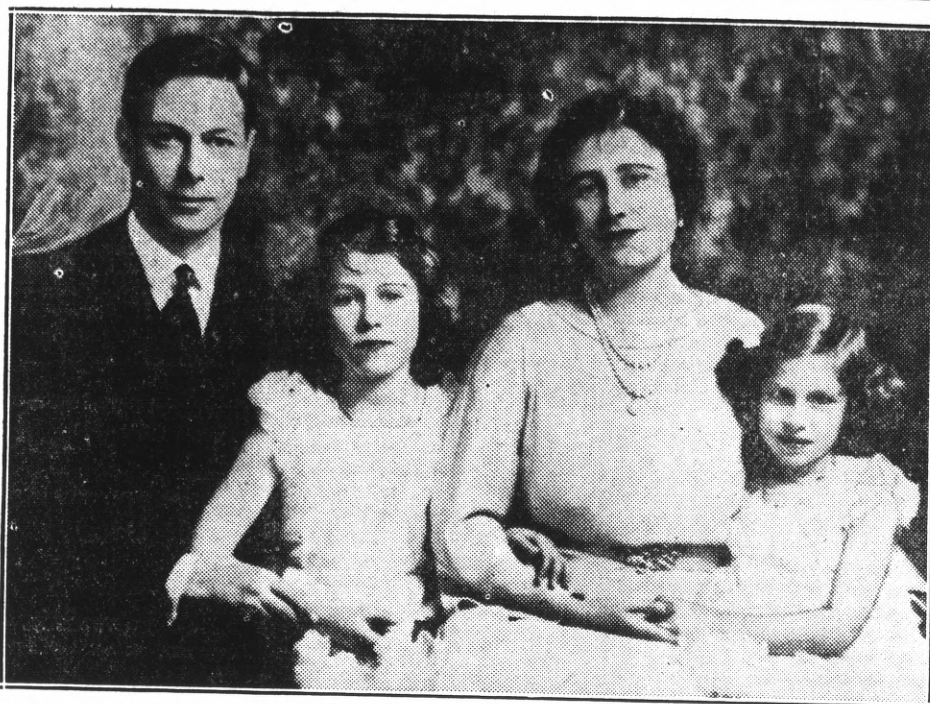

Back in 1100, for instance, the Bishop of Salisbury was jealous of the Archbishop of Canterbury. At the crowning of Henry I Salisbury pushed in front of Canterbury and jammed the crown down on Henry's head. Furious at the affront, the Archbishop picked up his crozier and knocked the crown off, nearly flooring Henry by and I was crowned, the knight whose duty it was to open the king's vestments for the anointing ceremony, tore a big hole in His Majesty's underwear.

Through some oversight, the crown had not been altered to fit the head of James II, and at the coronation ceremonies in 1685, the crown wobbled and presently slipped down over one ear. A chamberlain stepped forward and thenceforth held it steady on its precarious kingly perch.

There is a story, too, about Hugh of Albini, Earl of Arundel, whose place it was to serve as butler at the coronation of Eleanor of Provence, wife of Henry III, in 1236. But Hugh had been excommunicated by the Archbishop of Canterbury, because of a quarrel arising when the Archbishop went hunting without permission in Hugh's forest. Hugh seized his hounds. The Archbishop said it was his right to go hunting wherever he pleased, so he bounced Hugh out of the church.

Because of that, the Earl of Warenne served in Hugh's place and got the silver cup from which Henry drank a toast to his queen.

ROYALTY—Here is a new picture of Great Britain's royal family, showing King George, Queen Elizabeth and their daughters, the Princesses Elizabeth and Margaret Rose. It was posed especially for Princess Elizabeth's 11th birthday. Among many presents, the young heir-presumptive to the throne received a white pony named Snowball, from her father, and a gold wrist-watch from her "Uncle David"—the Duke of Windsor.

IT'S 116 YEARS OLD—Members of the Royal School of Needlework in London putting finishing touches to the Golden Cope, which King George will wear during part of the coronation ceremonies on May 12. The cope was made for King George IV, who came to the throne 116 years ago, and has been recently reconditioned. It was also worn by George V.

## LOOMIS BOWS TO COLFAX 8 TO 1

LOOMIS—Ray Brock, former Colfax Foothill League pitcher, won his first start in the Placer-Nevada League, yesterday, defeating the Loomis Reds, 8 to 1. Brock allowed the Loomis batters but six hits, one a home run by Francisco.

The Colfax boy also hit a triple to score two runners and completed the feature play of the day when a line drive hit him in the leg knocking him down but he was able to recover the ball and in a sitting position threw the runner out at first. George Simmens, Colfax catcher, also hit a home run.

The score:

Colfax ..... 8 10 1  
Loomis ..... 1 6 4  
Batteries: Brock and Simmens; Little, Tinkle and I. Smyth.

## 215 SHOT AS DROWNING TRY FAILS

SHANGHAI (UP)—Chinese reports from Canton said today that authorities there shot 215 lepers on April 25 after a futile attempt to drown them. The lepers overpowered the crews of two boats who tried to sink the craft with the lepers aboard. The victims had been enticed onto the boats by promises of transportation to a new colony.

The executioners were reported to have allowed one bullet for each leper, and that many were tossed into lime-filled graves, wounded but still alive.

one batter. The Barts started scoring in the first inning and by the third had piled up a 8-1 lead.

In the first, Neil, Reeder and Woerner singled in succession. Visintainer was safe on a third base error, Warren followed with a single which netted the locals three runs, Neil, Reeder and Woerner scoring. The second inning saw three more tallies on the score sheet for the Barts. Clark, Neil Woerner and Visintainer hitting, and Clark, Neil and Woerner crossing the plate.

Wheatland picked up their lone tally in the last of the second when Blake-man singled to score Miller. This inning was the only time that two Wheatland batters reached first in the same stanza.

The Barts tallied twice in the third as Roderick doubled and scored on Clark's single. The local short stop stole second and scored on Neil's third successive hit, a double into right.

Placerville went hitless during the fourth and fifth, but crossed the plate twice in the sixth. Woerner singled and was followed by Visintainer who singled into left, Coleman letting the ball get through and both runners scoring.

The Barts raised their ante to 15 in the eighth, when a walk to Reeder and hits by Woerner, Warren, Scheiber and Webster netted three tallies.

The last run of the game was in the ninth, when Clark scored on Al Prince's single in to center.

## "All Quiet" In Salad Bowl

SALINAS (UP)—The lettuce harvest in the Salinas and Pajaro valleys, the "world's salad bowl," today neared peak production under the favorable influences of a good crop, higher prices and peaceful labor relations. Three thousand and five hundred workers were engaged in production of the \$10,000,000 a year industry, which last year was disrupted by a protracted strike and sporadic riots.
